The Timber Windows Spring Sale Event is the ideal opportunity to do what you've been contemplating for a while – giving your home the windows and doors it's been crying out for – and adding real value.

So many buildings in English towns and villages are spoilt by badly-chosen windows and doors. When they don't suit a building's structure, it's blindingly obvious.

But, chosen well, the effect is often simply beautiful. For many homeowners, restoring the integrity of the original structure is paramount. Choosing windows and doors that replicate the appearance of the building in its heyday, but with 21st century performance, is now achievable with the Timber Windows range.

## A Stunning Difference That You Can See And Feel

Before

### Problem

The conservatory was too cold in the winter, meaning it has to be locked up over the cold months.

The conservatory was far too hot in the summer, making it impossible to stay in for more than a few minutes.

Heavy rain hitting the old panels caused unbearably loud noises during rainy weather spells.

On sunny days the sunlight would break through the thin panels, causing bright glare on the screens of electronic devices.

Mould and mildew had formed on the panels near the roof beams, needing to be regularly removed to avoid an unsightly view.

After

### Solved

The conservatory now stays the same temperature as the rest of the house in the cold, making it perfect for a large family Christmas.

The conservatory now never goes above 24 degrees, keeping it nice and cool for children to play in during the summer.

A soundproof barrier now keeps the conservatory free from external noise, making it perfect for quiet relaxation, whatever the weather.

The new solid roof completely removes glare, while a white plaster or cladded ceiling still keeps the room bright for activities such as reading.

The Comfortable Tiled Conservatory Roof requires almost no maintenance allowing you to enjoy your conservatory with minimal effort.

### Based On Your Score, Your Comfortable Prescription

**0-24** Your conservatory is exhibiting little to no issues. It's possible that you already have one of our many options. If not, however, there's no harm in making a long term investment now to protect your conservatory in the future.

**25-49** Your conservatory is starting to show it's flaws. We'd recommend looking into our insulated ceiling options. The insulated ceiling is a low cost, efficient solution to many common issues with existing conservatories.

**50-74** Your conservatory is fairly problematic but we believe that a Comfortable Tiled Conservatory Roof will solve all of your problems. Our bespoke roofs fit on almost any existing conservatory and enhance it in countless ways.

**75+** Your conservatory is barely usable, or possibly not usable at all, but we have the perfect solution. A full upgrade will strip your conservatory down to the base brickwork and replace all the frames, the roof, doors, and sealed units, making the structure as good as new.

# Courtyard fire damages pub

Emergency call-out: Fire crews tackle the blaze at The Bull Inn in Olney which affected the courtyard and rooms above

BY JESSICA DUNCAN

jessica.duncan@onemk.co.uk

**THE Bull Inn in Olney remains closed after the fire at lunchtime on Sunday.**

The blaze started in the courtyard area of the pub in High Street and according to bystanders it is believed to have started from a pizza van parked under the archway.

The fire badly damaged the courtyard and the windows and rooms directly above, but it is not believed the main building of the pub, owned by Charles Wells, has been badly affected.

Two people were not feeling well after breathing in smoke, but paramedics treated them at the scene and they did not require hospital treatment.

Emergency services closed the High Street because of the blaze.

Station Commander Graham Freer, from Great Holm Fire Station, said: "The fire started on the ground floor in the courtyard area."

"It started fairly fast but no-one was injured." The pub is not believed to be reopening for a few weeks, but Charles Wells could not confirm a date.

## READER COMMENTS ON THE STONY FIRE

Freddie Francis: "What a shame, this historic High Street will never look the same!"

Bekki O'Dell: "It's not the end of the world, no-one was seriously injured, or even worse killed, that's the main thing surely."

Joy Stewart: "I could see and smell the smoke in Cosgrove Park."

Sammy Brown: "Wow, two fires in one day."

Sara Dewitt: "Christ! Glad nobody's hurt but that's sad news for the building."

Michelle Linstrom: "So incredibly sad. The damage and things lost will be irreplaceable. Quite apart from all the history too. Glad no-one was hurt though."

Nix Prinn: "Rebuild it, put it back the way it was and treasure our history."

Roxanne Clarke: "So glad nobody was hurt, but it's a devastating scene."

Lindsey Anne Davis: "A sad thing to see on such a beautiful old High Street."

Janet Hills: "I know this family and it's just shocking."

## Fundraising for family who 'lost everything'

MORE than \$7,000 has been raised for an American family whose home was burnt down on Sunday.

Firefighters spent hours tackling a blaze in High Street, Stony Stratford, but

despite their hard work the historic building collapsed.

Newlyweds Maya and Ed Post were living in the house with Ed's parents, but fortunately were not at home when the fire started.

But after they lost all of their photographs and possessions in the blaze, one of Maya's friends set up the page and according to Maya the response has been 'overwhelming'.

# Heroes of Stony Stratford blaze

BY JESSICA DUNCAN

**THE heroic actions of a resident and firefighters have been praised following the blaze in Stony Stratford.**

Firefighters went above and beyond the call of duty by not only tackling the fire, which is believed to have started at a residential property in High Street, but they also pulled dead bodies and ashes from J. S. Cowley & Son Funeral Directors.

A spokesman for Buckinghamshire Fire and Rescue Service said: "As well as fighting the fire and maintaining a safe environment for everyone at the scene, firefighters worked to salvage as much as possible, including refrigerated bodies and cremated ashes from the funeral directors. Firefighters were committed

to doing the best they possibly could for people who had lost loved ones and showing dignity and respect for people who had passed away."

A spokesman from J. S. Cowley and Son commented: "The fire service went above and beyond and were incredible."

But the firefighters weren't the only heroes. Resident Jack Gallagher, 29, from Horsefair Green, didn't hesitate in breaking down the door of the property when he heard a dog barking.

He said: "I was walking out of the The White Horse when I saw smoke coming out of the roof. I knocked on the door and heard a dog barking so I knocked it down."

"I grabbed a dog, cat and a gas heater, but speaking to the owner who has thanked me, one dog [called Wally], is still missing."

## Business community is appealing for your help

AS WELL as a crowdfunding page for the residents affected, the business community in Stony Stratford is also rallying together.

The town's Business Association has been appealing for available business space.

Spokesman Sue Malleison said: "We've already had five offers of office space in the last 24 hours alone. At the moment, we really need to find out the

requirements of what people affected need.

"It actually just shows how people feel about Stony. Everyone wants to do something to help."

Fortunately J. S. Cowley and Son Funeral Directors are operating as normal at a Wolverton branch. Hawkmoth Properties who were also in the building said: "We are so lucky this didn't happen midweek."

## Slice of history

BOTH buildings affected by fires this weekend were representative of their town's history.

The fire in Stony Stratford is the biggest since the 18th century when a string of fires affected the town.

One blaze in 1736 burnt 53 houses down, while a fire just six years later destroyed St Mary Magdalene church and 146 homes.

Resident Jack Gallagher said: "It is the 'great fire of 2016' and is really sad something with so much history has gone. It will take a while to put it back to normal."

The Bull Inn, in Olney, served as a former coaching inn on the town's Market Place in the 15th century and was a stop for those travelling from Wellingborough to London.

# Are these people mad?

ON FRIDAY afternoon I was driving along Marlborough Street approaching Chaffron Way.

I indicated that I was about to pull into the outside lane and as I did so a man stepped off the central reserve.

I saw what I was doing and took a step back. I then watched him through the rear view mirror dance across two lanes of busy traffic.

Are these people completely mad? It used to be a rarity seeing idiots do this, but now I see it virtually every time I go out.

I've seen women with small children or prams and unbelievably a man on crutches. Most times it is close to an underpass.

#### COMMENT OF THE WEEK

Comment of the week will win a one course meal for two at Electric Social in the Theatre District (excluding drinks). T&Cs apply

We need some sort of advertising strategy to try and hammer home the dangers of doing this. It shouldn't be necessary as commonsense should dictate the stupidity of this.

#### Prescribing the solution

A copy of a letter sent to Mark Lancaster, MP for Milton Keynes North:

I'M CONCERNED, dear Mark, about the Health Minister's persistently stubborn refusal to engage in any form or transparent engagement on the issue of junior doctors' working hours.

Setting aside the wisdom of the committing to operating weekend working at mid-week service levels, I'm gobsmacked that the

concept of multidisciplinary 'partnership working processes' has not clicked in our ministers' minds as a necessary prerequisite to evolving a long-term solution to today's health challenges nationally.

Consider: lack of exercise; poor dietary management; stressed lifestyles; deprivation – all of these manifest themselves in escalating and burdensome demands on the NHS, in turn repeatedly triggering popular demands for more funding.

And so the vicious spiral racks up daily.

It's the new and rising generations that we need to embrace in shaping a meaningful and shared vision – one that they can nurture from the outset in their lifetime's careers in medicine.

Mark, please let them lead the way – time is of the essence...

**Iain Stewart**

His column written exclusively for OneMK

I RECENTLY had the pleasure of speaking in a debate on Brain Tumour Research.

Over the years I have heard some moving personal stories from some of my constituents and we also now have the national HQ of the charity Brain Tumour Research in MK.

I focused on the need for better and earlier diagnosis. In the six years I have been an MP I have encountered a range of medical conditions – such as neuroblastoma, which tragically took the life of four-year-old Henry Allen – that can all be difficult to identify.

The research, treatment and cure will be unique to each condition, but they all share the problem of late diagnosis.

The symptoms are often not connected to the condition. GPs may see only a handful of cases in their careers and there may be a lengthy ping-pong between the GP and different consultants.

We must find a better system of diagnosis.

I would like to see a patient sent for a comprehensive MOT to find out what is wrong.

Funding cannot be the issue. How much money is wasted by that constant back and forth?

# Superhero saves boy, 6, from pool

BY JESSICA DUNCAN

jessica.duncan@onemk.co.uk

**THE owner of a mascot party company became a real-life superhero when she pulled a drowning six-year-old boy from a pool.**

Corina Cleaver, from Monkston, who is often seen dressed in superhero outfits, was fully clothed and sitting around the corner from the pool area at The Novotel Hotel in Heelands last Wednesday when she heard splashing.

The 35-year-old couldn't see anyone in the pool but as she got up she saw the top of the boy's hands out of the water.

She said: "There is no life-

guard because the pool is private. When I noticed him I freaked out as he was under the water. I jumped in fully clothed as I didn't know how long he had been under."

The boy, who was waiting for his older sister who had gone to the toilet, decided to take his arm bands and rubber ring off and jump in the pool unaided.

"I whacked him on the back and he was sick with water," added Mrs Cleaver, who runs MK Mascots from her home.

"It wasn't a nice experience at all and when I first saw him

I thought he was going to die." Fortunately the boy is now okay, but mum-of-three Mrs Cleaver says she hopes it reminds parents to stress the dangers of water to their children.

She added: "New schools don't have swimming pools and lessons like we had."

"I believe every child should be able to learn how to swim and it should be taught at schools and lessons should be cheaper."

OneMK contacted The Novotel Hotel's press office but did not receive a reply by the time of going to press.

## Man's body is found following house fire

A MAN has been found dead following a fire in a single-storey annexe of a Bletchley property.

Police were called to the scene in Buckingham Road at 11.59pm on Friday.

Buckinghamshire Fire and Rescue Service also sent crews at about midnight.

But a man in his 40s was found dead at the scene and his next of kin have been informed.

Police said they are not treating the death as suspicious, but are preparing an investigation which will be shared with Milton Keynes' coroner.

## Driving test problem raised

PROBLEMS with waiting times at Bletchley Driving Test Centre have been raised in Parliament by Milton Keynes South MP Iain Stewart.

OneMK reported in August 2015 that there was an 18-week waiting list for learner drivers at the centre.

Mr Stewart, who is on the

Transport Select Committee, raised the issue with Parliamentary Under-Secretary for Transport Andrew Jones on Friday.

Mr Jones said he would pass on concerns about the centre to the new chief executive for the Driver and Vehicle Standards Agency Gareth Llewellyn.

# 'We're planning training ground'

Proposals: Pete Winkelman hopes to submit a planning application before the end of the year

BY SCOTT KIRK

scott.kirk@onemk.co.uk

**THE chairman of MK Dons hopes to submit a planning application for the club's new training ground before the end of the year.**

Plans for the facility in Cosgrove were announced last year, but have been met with criticism from some residents in the area.

Pete Winkelman said: "We've taken a lot of input from people who don't like it and are finessing our plans and I hope we will make a planning application in September or October this year but certainly

before Christmas."

No further details have been released about the plans since the announcement in July but Mr Winkelman says the club is working hard on them and he hopes they will be given the go-ahead by South Northamptonshire Council by Easter next year.

"We haven't made a planning application yet because we don't want to do one that's going to fail," he added.

"I don't want to be over-confident but I don't want to be negative either.

"I think we'd be a fantastic addition to South Northants but we have to make sure local people believe we can

improve the place rather than make it worse. When we put the plans in I think people will be relieved and it could improve the area."

Mr Winkelman accepts it could be years until the training ground is fully finished, but he is keen to start work as soon as possible.

"It'll be a couple of years before we'll be anywhere.

"If we got consent we would immediately implement the first team pitches if we could and everything else can follow after that.

"We built the stadium in phases and that was hard work but it has ended up being fantastic."

## Chairman is hoping to bounce straight back

**MK DONS have to aim to get straight back into the Championship next season, according to chairman Pete Winkelman.**

The club is currently reviewing its performance after being relegated back to League One after just one season – a far cry from the jubilant scenes after Dons were promoted last year.

Mr Winkelman admitted he was disappointed about the relegation.

"I'm absolutely on the floor, but at the end of the day it's football," he said.

"I think we have to look like we can bounce straight back.

"I can't sit here and say we're going to get promoted because you just can't – look at how long we were in League One and there are teams like

Sheffield United still there."

Mr Winkelman believes there were many reasons why Dons went down this season.

"When you look back it's never one thing – there were a number of things that happened.

"I felt up until the last six weeks that we might just survive and in our hearts we felt we had the nucleus of just about surviving this year.

"People make changes, certain things happen and then we found ourselves facing an uphill struggle.

"I've probably had the worst year personally of my life and I'm trying to take responsibility for what we've done wrong and for letting us go backwards on my watch. That is something I've got to deal with."

# Raising cash to renovate home

BY CHRIS KNIGHT  
chris.knight@onemk.co.uk

**MORE** than £2,000 has been raised for a Baptist minister who lost the lower half of his leg in a trike accident.

Ross Dilnot, 42, a father-of-three, was airlifted to the John Radcliffe Hospital in Oxford last month after the accident on his three-wheeled motorcycle in Fullers Slade.

Mr Dilnot began his rehabilitation at Milton Keynes University Hospital before returning to his Tattenhoe home on Saturday and family friend Eileen Moore has launched a GoFundMe page to pay for the home adjustments he needs.

She said: "The news was shocking and surreal, we all could not believe it. It seemed so innocuous at the time.

"After the accident, people from all over wanted to help which is brilliant – the community has come together.

"They started talking about Ross coming home and what he would need practically. It became quite obvious that changes would be needed so he can go home and be with

**Support:** Eileen Moore wants to raise the money so Ross Dilnot, pictured with his wife Joy, can live at home with his children

his family.

"I'm really, really pleased with the amount we've raised, but we need more to cover initial building costs. He needs these modifications, and it is something he needs now."

Plans to make Mr Dilnot's home more accessible include the widening of doors, the modification of the bathroom, the laying of a patio and a ramp to replace the step at the front door and the aim

is to raise £8,000.

Mrs Moore, who attends Mr Dilnot's services with Shenley Christian Fellowship, added: "Ross is a funny, kind-hearted guy, who loves being a part of and helping the community.

"The Dilnot family are wonderful and have served and helped so many people over their years serving God. Now is our time to serve them."

## Cloudy2Clear Announce Trusted Trader Partnership

Consumer champions Which? have now joined the thousands of customers who recognise that Cloudy2Clear Windows really are a business that you can TRUST. The company which specialises in repairing windows which are steamed up, broken or damaged by replacing the panes – not the frames has received the coveted 'Which? Trusted Trader' status after going through a rigorous accreditation process entirely focussed on customer service.

Group Managing Director Marcus McGee believes that Which? have endorsed Cloudy2Clear's long standing company

policy of delivering the highest standards possible at all times. "Our service is simple. If your double glazing has misted up we can replace the glass at a fraction of the cost of a new window, in any type of frame, and with a new 10 year guarantee. But it's not just about saving people money, although that obviously helps. Whilst a number of tradespeople perhaps don't focus on customer care as much as they should do, we make sure we turn up when we say we will, do the job the customer requires and leave their house as clean as a whistle.

Locally Cloudy2Clear service the Bedford, Milton Keynes &

Leighton Buzzard areas and manager Stephen Moon agrees that this approach is a major factor in his success. "The truth is that it's not just the personal satisfaction that I get from doing a good job but also it makes good business sense. I get a huge amount of business from friends and family of people I've done work for, which just goes to show how much a little bit of effort is appreciated as both my customers and, obviously a body as nationally important as Which? now recognise."

So, if your windows are steamed up, broken or damaged give Stephen a call for a free quotation on 0800 61 21 118 and he'll be happy to help!

# Sainsbury's has shelved its plan

BY SCOTT KIRK  
scott.kirk@onemk.co.uk

**SAINSBURY'S** has checked out of its appeal to build a supermarket in a town.

The plans for the store and petrol station on the corner of Lavendon Road and Warrington Road in Olney had received huge support from residents but were unexpectedly rejected by Milton Keynes Council's development control committee.

The supermarket giant had lodged an appeal but on Thursday it announced the plans had been shelved.

A spokesman said: "We have taken the difficult decision not to progress with our plans for a supermarket in Olney."

"We have worked hard to bring a new store to the area but, given the earlier refusal along with the significant costs and uncertain outcome of our appeal, the plans are no longer viable."

"We know this decision will be disappointing for many people and would like to thank them for their support."

The application was turned

**No longer viable:** An artist's impression of how the Sainsbury's supermarket could have looked if it had been built in Olney

down in February due to councillors' concerns over traffic and parking and the impact it would have on local traders. They also said the proposal was contrary to planning policies for rural areas.

Brian White, a former member of the development control committee that turned down the appli-

cation, said he was surprised Sainsbury's had decided to pull out of the appeal.

"I was surprised given that they had put in an application two weeks ago," he said.

"In the new application they were rectifying some of the defects that were identified originally."

Statistics: This graphic shows the changes in crime rates across the city compared to last year

# Crime up in MK

BY SCOTT KIRK  
scott.kirk@onemk.co.uk

**A RISE in crime has been put down to how offences are now recorded.**

Overall crime has gone up by 3.3 per cent in the city over the past 12 months, but Chief Inspector Jim O'Ryan said this is due to the changes that were made to how crimes are recorded in April last year.

The Deputy Area Commander for Milton Keynes said that an incident involving, for example, three males would now go down as three separate crimes, rather

than one. "We can put down most of this year's increase to the change in recording crime," he said.

The rise was less than the 7.2 per cent increase that was seen across Thames Valley.

There was a 3.8 per cent increase in sexual offences, while vehicle crime went up 12.4 per cent and the number of domestic crimes and arsons also rose.

Burglary, robbery and drugs offences continued to decline, according to the figures released by Thames Valley Police on Thursday.

Supt Gez Chiariello, LPA

Commander for the city, said: "With hate crime and sexual offences, we have seen increases across the board, which is a positive indication that more people are reporting these categories of crime."

"Milton Keynes is one of the fastest-growing cities in the UK and presents new policing challenges every year."

Colin Wilderspin, head of community safety at Milton Keynes Council, said: "The reductions are a clear example of what can be achieved working alongside both the police and our communities."

## Floating boat cafe cruises our canals

BY JESSICA DUNCAN  
jessica.duncan@onemk.co.uk

**A UNIQUE canal boat has moored up on the city's waterway this week.**

After finding the boat on eBay, entrepreneurs Tracey and Ray Arbon turned it into cafe the Tea Junction in 2013.

After hundreds of man hours and dedication the boat is now a moving cafe that sells homemade cakes, scones, wraps, teas, coffees and more.

The couple started the venture in Yorkshire but after the word got out they now travel the whole of the UK and often stop for a week or two along the canal in Milton Keynes. They can even be hired for parties.

Tracey said: "We first started selling tea and cakes out of the front of our boat window until we saw this boat on eBay. We put in a lot of hours to get it how it is now. The best sellers are the tea and scones."

Not only is the boat family friendly with children's books and a chill out area, but it also welcomes dogs.

Tracey added: "What is so

**Canal and cakes: Ray and Tracey Arbon alongside the Tea Junction near Linford Manor. They'll be on the canal this week**

nice about coming to Milton Keynes is it is not like other places, everyone loves living here. And you don't get that in places like Blackpool.

"It is quite a special spot." The Tea Junction is at Linford Manor Park today, just behind the Black Horse Pub and by the iron bridge.

The couple will move down the canal this week before setting off for their next stop. You can find out where they are this week on their

## You could make a difference to a child or young person's life

Milton Keynes Council is keen to recruit people who can offer a safe and loving home for a child/young person in care. We are especially seeking carers for teenagers. As a Milton Keynes Council foster carer you will be provided with a generous allowance plus support and training.

Our foster carers come from all walks of life and across a diverse community. They offer children and young people a nurturing, caring home environment where they can begin to thrive and reach their full potential.

It's a challenging role; one which will always ask for a great deal of input and support from you. However in providing a home to a child/young person who is unable to live with their family for a period of time you will be creating a wonderful experience for everyone involved.

**YOUNG voters have had the chance to quiz politicians – while enjoying pizza.**

Last Wednesday's Pizza and Politics event at Electric Social in the Theatre District, organised by OneMK and MK YMCA, was a great success.

Students from Denbigh School and Walton High and members of the MK Youth Cabinet spoke to the Lib Dems, Conservatives, Labour and Green Party.

Roz Mascarenhas, youth participation worker at MK Council, said: "Events like this are really important and need to happen more often."

■ Voters will be going to the ballot boxes tomorrow, with a total of 20 seats up for grabs.

Polls are open from 7am to 10pm. See the results at [onemk.co.uk](http://onemk.co.uk)

# IF you want to

ARTISTS from all over the world have been visiting Milton Keynes in the last few weeks in preparation for the Milton Keynes International Festival.

The event from July 15-24, which is being supported by OneMK, promises to have something for everyone with music, art, theatre, comedy and family fun activities.

The biennial event is not only expected to attract visitors from all over the world who love art, but will also celebrate the community of MK.

Many of the artists need your help to really bring their pieces to life. Here we look at how you can get involved...

Changing perspectives: Compagnie Artonik will present *The Colour of Time* as the festival finale

## Extras

**RICHARD DeDomenici**, pictured left, is an internationally renowned UK artist.

Mr DeDomenici has pioneered a series of creative and witty recreations of sections of popular films around the world and now brings his Redux Project to the city to take on *Superman IV*, which was filmed in Milton Keynes in 1986.

He is looking for residents to be extras in some of the scenes – in particular anyone who had a part in the original film. Find out how to take part at [onemk.co.uk](http://onemk.co.uk)

## Move

TO HELP this creation come to life, all you have to do is walk over it. The centre:mk's Middleton Hall will be turned into a magic carpet of light by French digital artist Miguel Chevalier. The interactive animation of light and colour has been inspired by the iconic shapes associated with Milton Keynes' city scape. Give it a go throughout IF.

## Topple

STATION House Opera will be bringing its Dominoes masterpiece to the city's streets. Thousands of breezeblocks will be used to create a two kilometre long, moving domino-like sculpture. But they still need volunteers to guard the dominoes. If you can help email [kirsty.munro@stables.org](mailto:kirsty.munro@stables.org)

## Dance

YOU are not going to want to miss the chance to be apart of The Colour of Time by Compagnie Artonik. The large-scale street performance, which takes its inspiration from the traditional Indian festival Holi, is really going to make you think. People are invited to participate in this joyful, dance-theatre parade as musicians and dancers come together in Campbell Park at the end of The World Picnic. Find out how to sign up and read more about it at [onemk.co.uk](http://onemk.co.uk)

HRH Prince Michael of Kent visited Bletchley Park on Thursday.

# Broadband speeds are in the slow lane

BY JESSICA DUNCAN

jessica.duncan@onemk.co.uk

**MILTON Keynes has been named the third worst place for average broadband speed in a recent survey.**

The research carried out by Ultraswitch found the city had an average connection speed of 17.10Mbps in the six-month period between August 2015 and February 2016.

It was slightly better than in

Aberdeen, where the average speed was 15.67Mbps, and in Hull, which topped the list of the 42 cities that were measured with 12.45Mbps.

Despite government claims that 90 per cent of the UK can now access super-fast broadband, the study found that just 22 cities enjoy average speeds of more than 24Mbps, which is the figure officially deemed to be 'superfast'.

Ewan Taylor-Gibson, broadband expert at uSwitch.com,

said: "It's not just Hull in the slow lane."

"The UK's cities should be leading the charge when it comes to broadband speeds, yet just 22 cities have broadband users with average speeds of more than 24Mbps."

"The Government's latest rollout figures reveal superfast broadband is now available to over 90 per cent but our data suggests take up isn't high enough."

# Stars support #LoveMK Day

BY SCOTT KIRK

scott.kirk@onemk.co.uk

THIS year's #LoveMK Day was the most popular ever.

That's according to organisers and tourism body Destination Milton Keynes.

A raft of celebrities joined in to show their love for MK on social networking site Twitter on Thursday, including diving star Tom Daley, badminton players Gail Emms and Chris and Gabby Adcock, Great British Bake Off winner Nadiya Hussain, long jumper Greg Rutherford and F1 team Red Bull Racing.

#LoveMK was trending in the UK by 7am and continued to trend for most of the day.

At one point #LoveMK was reaching more than 350,000 people per hour.

Carys Underwood, from Destination Milton Keynes, said: "This #LoveMK Day was officially the best ever, to be trending for so long and hitting number two in the UK at one point is beyond amazing.

"It helps to get MK recognised more widely, but more than that, it harnesses the pride that people have."

## The sweet success

BY JESSICA DUNCAN

jessica.duncan@onemk.co.uk

**AFTER she won our readers over with her cake for the Queen's 90th birthday, we spoke to baker Karrin Simpson about some of her other sweet ideas.**

The 48-year-old from Bletchley only set up her own cake company in January but is already winning praise for her ambitious creations.

She topped OneMK's poll beating Great British Bake

Off winner Nadiya Hussain with her cake for the Queen and has wowed customers with her one-off designs of farm animals – and even a hover board.

The former competition hair stylist said: "I am very conscious that there are so many people baking cakes and you can buy so many aids that you can make beautiful cakes with limited skills, so I wanted to make cakes that didn't fit in a mould and were really one

off and creative. I spend time sculpturing cakes and I am slightly obsessed with artistic creations."

Karrin even goes as far as to get her husband Andrew, who is a carpenter, to make inner structures for her cakes.

"I really pride myself in making some bespoke pieces," she added. "I am doing a wedding cake next year which is half tradition, half Iron Man. I love things that are really out there."

"Where Live's are Changed"

# Could you make a splash for festival?

BY SCOTT KIRK

[scott.kirk@onemk.co.uk](mailto:scott.kirk@onemk.co.uk)

**WITH just a few weeks to go until the annual Milton Keynes Dragon Boat Festival, places are still available for budding paddlers.**

Companies, clubs and organisations from across the region are getting their teams together to do battle on the waters of Willen Lake on Sunday, June 19.

David Burchell, managing director of Lanes Sales and Rentals at Furzton Lake, explains why his team keeps coming back for more.

"It is undoubtedly MK's best event," he said.

"We enter predominately as a fun day out and for team building. Of course it will also raise our company profile and allow some networking on the day.

"It's a great day and everyone enjoys the atmosphere. What other sporting event can you warm up for with a burger in one hand and beer in the other?"

Last year, more than £22,000 was raised for festival charity Age UK Milton Keynes.

**Oar-some: More people are needed for The Dragon Boat Festival**

The good cause provides vital services that help to reduce feelings of isolation and loneliness among the 14,000 people and their families it supports every year.

Each crew is guaranteed a minimum of three races that they can enjoy and no previous experience or equipment is needed for anybody wishing to take part.

The winning crew will

enjoy a free meal at The Swan in Salford.

There will also be a variety of bankside entertainment to enjoy such as funfair rides, children's activities, food stalls and even a spectacular flypast from a Battle of Britain Spitfire.

For further information and an entry form, visit [www.dragonboatfestivals.co.uk/](http://www.dragonboatfestivals.co.uk/) miltonkeynes or call Gable Events on 01780 470718.

## On the road to exhaust-ive tests on vehicles

BLAKELANDS-BASED Intertek has announced its transportation technologies laboratory has expanded its on-road vehicle exhaust emissions testing.

Last year the lab was among the first to launch real world driving analysis – comparing user reported fuel consumption data with official laboratory

tests of exhaust emissions.

The Portable Emissions Measurement System will deliver accurate on-road testing and analysis, through vehicle-mounted, real-world tests for cars and light commercial vehicles.

This comes on the back of motor manufacturers being accused of publishing

misleading test results.

Tony Braddon, UK managing director of Intertek Transportation Technologies, said: "They are designed not only to assist manufacturers in meeting the requirements of the legislation, but also to ensure they can best manage the air quality emissions and CO2 reduction."

# Plan to prevent business crime

BY PHILIP MCELENEY

[philip.mceleney@onemk.co.uk](mailto:philip.mceleney@onemk.co.uk)

**A STRATEGY to help companies prevent crime is just a couple of months away from being released, after figures reveal more is stolen from MK businesses than any other place in Thames Valley.**

A business crime strategy was first mooted by Superintendent Gez Chiariello about six months after he took up his role as Local Police Area Commander for Milton Keynes.

And after work with city companies, the crime strategy is near to being introduced, according to the Milton Keynes Business Leaders Partnership.

Dr Philip Smith MBE, chairman of the partnership, said: "About 18 months ago we had a breakfast brief with Superintendent Chiariello and he said he was developing a business crime strategy as none had previously been developed in MK. Business leaders said it was ridiculous there was no previous strategy because there's so much crime and activity."

Police figures obtained by a freedom of information request showed £711,789.33 was stolen from Milton Keynes businesses in 2015 and £27,571.55 of damage was done to them.

This is more than places such as Oxford, Reading and Slough, as well as every-

where else in the Thames Valley area.

But Dr Smith hopes the strategy will help businesses prevent crime, as well as get all the information they need in one place.

He added: "We have a draft that actually advises companies on how to prevent crime of all sorts.

"It will act as a signpost to various places.

"One of the problems is that the policies of reporting crime are fragmented, for example you have to go to a national body to prevent cyber-crime."

And Dr Smith feels cyber-crime is an ever-increasing threat to businesses and in the past year

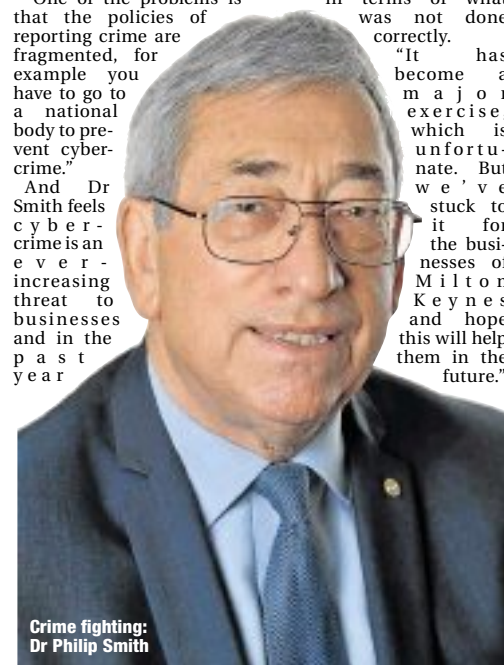

alone, 90 per cent of large businesses and 74 per cent of smaller firms have experienced some kind of breach.

"Cybercrime on a national level is a massive, massive problem," he said.

"Businesses have a key responsibility in their own right to prevent crime.

"Currently, from a business leaders perspective, it has been a bit eye-opening in terms of what was not done correctly.

"It has become a major exercise, which is unfortunate. But we've stuck to it for the businesses of Milton Keynes and hope this will help them in the future."

## Woodhill Prison asks employers to help inmates

BY JESSICA DUNCAN

[jessica.duncan@onemk.co.uk](mailto:jessica.duncan@onemk.co.uk)

**HMP Woodhill is opening its doors to employers that can offer jobs to rehabilitated inmates in Milton Keynes.**

Prison governor Rob Davis told business leaders about the education project run alongside Milton Keynes College at a recent business breakfast briefing event – but this time held within the walls of the prison.

Woodhill inmates cooked and served a full English breakfast and some prisoners then sat down with the staff and visitors.

The college provides Offender Learning programmes at Woodhill and 27 other prisons in England.

College principal and chief executive Dr Julie Mills, who is also an MK Business Leaders board member, welcomed guests.

She said: “The visit was aimed at encouraging employers to consider those leaving prison with work skills to fill roles in their organisations.”

Mr Davis said Woodhill currently holds about 730 inmates with a range of offending behaviours.

He commented: “Getting them into employment when they leave increases the chances of them not coming back into prison.”

He added some inmates came in with the skills needed on the outside including plumbing, engineering and

gardening and with the expertise of partners like the college they could develop them, learn new ones and gain relevant qualifications.

“The team here is committed to helping you as employers and we can adapt our programmes to your needs,” he said.

“Whatever you need we can help with it so that you and your companies can help the people in here. I have a good budget for this, come and speak to us and find out more.”

Inmates James, a cleaner, and Roland, a welder, also told visitors how more training and support in new techniques could really help them.

## Ex-footballer to speak at new summer expo

BRINGING a new faith focus to exhibiting in Milton Keynes, a new summer business exhibition will take place in July.

The free exhibition, organised by Business Christians and sponsored by Christian Supply Chain Buying Group, will offer networking opportunities with local businesses and feature an array of stands, with visitors able to enjoy a free breakfast and refreshments.

Leading Christian Linvoy Primus has been confirmed as a keynote speaker for the event at Atlantic House, Tongwell, on Friday, July 8.

The former Portsmouth FC player is the founder of Faith and Football, a charity that uses the sport as a platform to provide community, educational and overseas programmes to encourage people to reach their true potential in Christ.

Organiser John Daly, deputy managing director of Control Group (UK) Ltd, said: “The Business Breakfast is now firmly established after having run for over three years and we felt the time was right to put on the exhibition and give those that attend on a regular basis the opportunity to highlight their businesses to the wider business community.”

“It has been encouraging receiving so much positive feedback from everyone and that has been represented in the number of bookings we have already received from both Christian and non-Christian businesses looking to exhibit, which is important to stress as the event is open to all.”

Stands are available to book at the event, with an early-bird rate of £25 available until May 31. To book call 01908 617496.

## Two city millionaires are on Asian Rich List

TWO businessmen have been included on the Midlands Asian Rich List.

Hasmukh Modi of Jardines UK Ltd, a chain of pharmacies based at Furzton Lake, has moved up one place to 23rd on the list.

He has increased his wealth by £5million to £40million in just the past year.

With access to many

medical wholesalers, Jardines has been able to ensure vital medicines are delivered to patients when they need them – something that has proven difficult for other suppliers.

But Mr Modi is not resting on his laurels. He has grown his business interests, taking a stake in the Hintlesham Hall Hotel in Ipswich and

taking the plunge into insurance services.

Raja Rizwan Iqbal has gone down six places in the list and now ranks 41st after his company lost £2million in the last year.

But he is still worth £18million as the founder of plastic recycling firm Choice Packing Solutions based in Kiln Farm.

Launched in 1997 in Milton Keynes, the company offers a number of services in the waste management sector, including packaging and production waste and providing solutions to companies and experts to help them deal with

their rubbish.

Mr Iqbal said: “I have seen two recessions in the UK during my career but have still managed to grow the business in those tough times.”

“Despite the drop in oil prices, we are somehow maintaining our turnover and bringing in new clients.”

## Laser Planet is welcomed in Food Centre

A NEW laser tag-style gaming centre has opened in Central Milton Keynes' Food Centre.

The opening of Laser Planet comes just a week after the centre:mk, which runs The Food Centre, announced its hopes for more leisure and retail facilities at the site.

The company has a new concept in laser tag gaming, adding a hi-end feel and experience to a very popular game. If you like console gaming, it is like being in a real game.

Owner Steve Jennings said: "MK is a very unique town in particular in what it has to offer from snowboarding to skydiving and theatre. But it had just lost its tired laser tag centre."

"It is great therefore for us to be in such a central position and nice to be part of the regeneration of The Food Centre."

"Laser Planet is unique and not like the more childlike laser tags. We appeal to parents because of the service we offer, cleanliness and value for money."

"We use the latest technology and the game is like a Disney or Universal ride."

The game is suitable for all ages with both adult and children's parties available. Opening hours are Monday to Friday from 4pm to 9pm and weekends between 10am and 9pm. It is open from noon midweek during school holidays. Prices start at £5.50.

A spokesman from the centre:mk added: "We are delighted to welcome Laser Planet. This is a great addition to the leisure offer in the city adding vibrancy to The Food Centre."

## Are your investment decisions helping you to achieve your goals?

In order to reach a goal in life, whether it be retiring early, buying a holiday home or building a fund for your children, you will need to invest time and money to reach it.

So when looking at your own goals, what kind of investor are you?

Are you someone that does all your own research, reads all the financial press and picks your own investments? Or are you someone who has no clue where your ISA, savings or pensions are invested and have no interest in doing the research?

If you're the second person then you need to act quickly to rectify this because you will not reach your goals without some form of plan in place. For all you know, your goal could be achieved right now! Without a plan and proper investment management your money will just go up and then

**Carl Roberts**

back down with the investment market whilst at the same time paying a huge amount of fees to investment managers. Money that could have been better spent by you! Even if you fancy yourself as an investment 'expert' do you really know what performance you have achieved and the charges you are paying? Are you

just picking the best performing investment funds from the previous year? Research has shown that when left to their own devices people are generally terrible investors, we panic and sell when prices are low and get greedy and buy when prices are high. The exact opposite of what you should be doing! Over 70% of the best performing investment funds fail to repeat their performance the following year.

The most important thing is to act now. Dig out the latest statement for each investment/pension you own. Look at all the values, do you have enough to achieve your goal? If not, seek professional advice to help you put a plan together. The massive value you get out of this to help you achieve the lifestyle you want will far outweigh any costs.

## New peak for office rent

QUOTED rents for prime office space in Milton Keynes have hit a new peak level of £23.50 per square foot, which represents an increase of 15 per cent over the past three years, latest research by Bidwells has revealed.

Demand is also at its highest level since 2012, due to a surge in larger requirements as businesses continue to target Milton Keynes.

Bidwells has published its latest Business Space Data Book, which takes an in-depth look at the office and industrial markets and Milton Keynes continues to be one of the fastest growing cities in the UK.

Over the period of 2004-2014, Milton Keynes' population has grown by a staggering 39,700 people, which equates to growth of 18.1 per cent or 1.7 per cent per annum.

Roger Yates, pictured, head

of business space at Bidwells, said: "The recent Employment Land Review has identified that more than 300 acres of new land needs to be made available to accommodate the expanding business environment in Milton Keynes alone."

## Tune into guitarist at town music night

**MUSIC** fans around the world have seen and heard Janet Robin's incredible guitar work as a former touring member of the Lindsey Buckingham Band (Fleetwood Mac), Meredith Brooks Band and Air Supply.

Now Newport Pagnell music lovers can get a closer look as Janet is appearing at the Sunset Lounge in Silver Street on Friday. Her abilities as a guitarist have garnered the

admiration of many in the music industry including Michelle Shocked who called Janet 'one of the best guitarists in the country: male or female'.

Janet released her last album Everything Has Changed, which bridged the gap between passionate acoustic music and gutsy rock n' roll, in 2010. Her return to the UK coincides with the release of her latest studio production due out

later in the month.

She will be supported on the night by Milton Keynes' very own Sian Magill, a consummate finger-picking and percussive guitarist who is a thoughtful lyricist and powerful singer.

Still young, Sian has honed her songwriting craft during her time as a performer to complement her voice.

Also on the bill will be Jet-Lagged Jeff. Originally a solo act, he has cut his teeth hosting and performing at the Sunset Lounge Open Mic for the past six years.

More recently he has convinced younger members of his cult following to join him in his pursuit of blues-rock fury.

Tickets are £5 on the door, which opens at 7pm ahead of the show starting at 7.30pm.

## leemead

**STARRING in one of the most famous musicals of all time, which is on its way to Milton Keynes Theatre, star Lee Mead tells Vicky Edwards why he's so happy to be in the driving seat.**

At the wheel of the most fantasmagorical car in history, Lee freely admits that when the offer to play Caractacus Potts in the stage musical Chitty Chitty Bang Bang was made, he didn't

have to think twice. "When I was just starting out, the show was opening in the West End and I went to an open audition to be Michael Ball's second cover. It makes it all the more special playing the role now," he told me, eyes twinkling with both amusement and delight.

Talking of things being special, I asked Lee what he thinks makes Chitty such a well-loved show and why audiences of all ages are still so enchanted by Ian Fleming's story of a magical car

and a single dad.

"I think what makes it one of the most iconic shows in the world is that it has such a heart," he answered, thoughtfully, adding: "The relationship between Potts and the children, Grandpa and Truly is really important, but you have to hit those beats or it becomes just a show about a flying car; you need those truths."

The show flies into MK from today until May 14. Book at [www.atgtickets.co.uk/milton-keynes](http://www.atgtickets.co.uk/milton-keynes)

## mondaytreat

**IF YOU are looking to spice up your Monday night, Calcutta Brasserie in Stony Stratford is the answer to your prayers.**

Set in a stunning 17th century Grade II-listed chapel in St Paul's Court, the popular restaurant is serving up its usual five-course banquet menu for £5 less on Mondays.

We chose Menu B (£16.95), which started with poppadoms and chutneys before moving onto a selection of four starters – Indian cottage cheese, potato cakes,

marinated chicken pieces and lamb kebabs – all absolutely delicious.

The five mains, which included dishes of mutton, chicken and lentils served alongside saffron pilaf rice and a selection of naan breads, took you on a culinary cruise of India, providing the perfect opportunity to try something different.

They were all well cooked with just the right amount of spice, the highlights being the South Indian garlic chicken and Mutton Mappas with coconut milk, chilli and ginger.

We were so full we couldn't fit in dessert but a selection of kulfis – traditional Indian ice cream – or cheesecake were on offer.

## intense thriller

**EYE in the Sky is an intense thriller that grapples with the ethics of drone warfare and the movie serves as the perfect final curtain call for the late Alan Rickman.**

Helen Mirren, pictured, and Aaron Paul join Rickman as geographically disparate players linked by technology to the drama unfolding in a shantytown in Nairobi, Kenya.

Terrorists are tracked down, but when the 'capture, not kill' objective is escalated, the

moral dilemma of collateral damage weighs heavily on all involved.

Officials and politicians play a risky game of pass the parcel to avoid responsibility and twists and turns will have viewers in knots over whether to strike or not.

Director Gavin Hood delivers a clever and engrossing movie, which critically engages with the future direction of warfare.

**HAVE** you ever thought of becoming a veterinary nurse? MK LIFE'S columnist Dr Amy Converse, from Vets4Pets in Bletchley, shares with readers why they are so important

**MAY is veterinary nurse awareness month.**

Veterinary nurses are an integral part of almost every veterinary practice.

The training involves several years of both classroom and in-practice learning.

Several exams that include written and practical tests must be taken before qualification is achieved.

This can be a very difficult but rewarding experience for those who undertake training.

Nurses are very in demand and not every qualified nurse works within practices as

other avenues can be explored, including working as a drug representative or teaching.

Many nurses travel abroad to work as this is a skill utilised in other countries.

Within the clinical setting nurses may perform consultations, monitor anaesthesia, help care for sick animals that are hospitalised, as well as many other roles.

Veterinary nursing is an exciting and rewarding profession for people who enjoy helping animals and their owners.

Come and meet some of our dedicated team at Vets4Pets.

## McLaren F1 up for sale - at £10million

IF you've got £10,000,000-plus burning a hole in your pocket then McLaren has one of the rarest cars in the world for sale - a 1998 F1.

The McLaren F1 is regarded by many as the car which rewrote the supercar rule book.

With only 64 road car examples built between 1993 and 1998, the original McLaren F1 is one of the rarest and most highly-regarded models among collectors, enthusiasts and petrol heads.

McLaren Special Operations continues to maintain and manage McLaren F1s globally, and is offering one of last - and what it describes as one of the finest examples - of this highly-regarded model for sale.

The car, McLaren F1 chassis No.069 is in factory condition, and has covered fewer than 2,800 miles since new.

Powered by a naturally-aspirated mid-mounted 6.1-litre V12 engine producing 627bhp, it broke the record for fastest production road car with a top speed of 242.8 mph and, more than 20 years on, still holds the title of fastest naturally-aspirated production road car ever built. During 1998, only six examples of the original McLaren F1 were completed, and chassis 069 was the 60th model overall to be hand-built at the McLaren

factory in Woking, Surrey.

It is finished in Carbon Black and complimented by subtle detailing throughout, including a stealth finish to the 17-inch centre-locking magnesium wheels.

The central driving seat - a characteristic of the F1 - is finished in black and contrasting red leather, with the dual passenger seats upholstered in Alcantara.

The supercar is UK registered with all UK taxes paid and is being offered for

sale on behalf of a private client exclusively through McLaren Special Operations Heritage division.

It comes with fitted luggage, a complete Facom titanium lightweight tool kit and Facom tool box, all books and literature, including the correct numbered LM Edition of the "Driving Ambition" McLaren F1 book and a limited edition McLaren F1 owner's watch.

A McLaren spokesman said that the price of the vehicle was by application only but would be in line with the value of other F1s sold recently - one of which went for more than \$13,000,000 dollars when sold in the United States.

Last year actor Rowan Atkinson, who famously crashed an F1 twice, sold his vehicle for around £8 million.

## Toyota Prius Business Edition Plus

**THE original was billed as arriving just in time for the 21st Century.**

Now the new fourth generation Toyota Prius is being heralded as 'the rebirth of the pioneer'.

Pioneer, because the quirky looking hatchback was the world's first mass-produced hybrid-powered car and remains the best-seller in that sphere.

Toyota is claiming new benchmarks in fuel economy, emissions and efficiency from the latest Prius, which is cleaner than ever before with CO2 falling to a new low of 70g/km - almost half the 120g/km produced by the original.

But it's not just about green credentials as the car is driven by a new generation of Toyota's full hybrid powertrain, resulting in the potential for an average fuel return of 94.1mpg.

And the Business Edition Plus variant couldn't be more aptly named as it is extremely tax effective courtesy of an 11 per cent benefit-in-kind rating.

It's also free of the London congestion charge and boasts a 100 per cent capital write-down allowance.

If you don't know how things work, the Prius is capable of operating in petrol and electric modes alone as well as in a combination of both.

### FAST FACTS

Toyota Prius Business Edition Plus

Price: £24,195

Mechanical: 121bhp, 1.798cc 4-cyl petrol engine and 650v electric motor driving front wheels via electric CVT transmission

Max speed: 112mph

Called Hybrid Synergy Drive, the system comprises a 1.8-litre petrol engine, a powerful electric motor, a generator and a high performance battery.

From start-up, Prius automatically operates in EV mode, using electric motor power alone - great for parking or in snail's pace commuter traffic.

The petrol engine is supposedly only introduced under firm acceleration, though in reality it doesn't work out like that as anything but the lightest touch on the accelerator triggers the engine.

And while the ECO setting of the three drive modes - EV, ECO and Power - allows the potential for that fantastic fuel figure, my own overall average was closer to 65mpg.

Having tried the previous model less than 12 months ago, the improvement in driving enjoyment from the new generation Prius is clear - it's smoother, very quiet, handles more positively and feels more spirited.

The car's cockpit-style cabin is also better with its firm, durable cloth seats - comfortable for three across the back - a colour head-up display, seven-inch touchscreen, wireless phone charger and six-speaker sound system.

As for luggage space, there's a deceptively large boot - particularly if a repair kit rather than spare wheel is specified - while you also get front and rear door pockets, an overhead console, glovebox and a console box with a removable inner tray and two cupholders.

During its development the Prius was crash tested more than 400 times to ensure a top safety rating, and systems like a rear cross traffic alert and blind spot monitor are key safety features.

Toyota aims to make half its UK vehicle sales hybrid by 2020 - and if what's to come is as good as the latest Prius that percentage is likely to rise swiftly.

## BRITISH CAR MAKERS PRODUCING MORE

BRITISH car makers continued with strong growth in March with output increasing 9.8 per cent to 159,074 units, according to figures released by the Society of Motor Manufacturers and Traders. The SMMT says that one car was produced in the UK every 16.7 seconds in March. Demand from overseas showed the biggest gains, up 14.3 per cent in the month, while production for the home market was broadly stable, falling slightly by -1.4 per cent. It was a trend reflected in first quarter figures, with exports for the first three months growing 11.1 per cent to 329,653 units, while domestic output also rose by 8 per cent, buoyed by stronger growth in January and February, to take overall manufacturing volumes to 443,581, an increase of 10.3 per cent. Mike Hawes, SMMT chief executive, said:

"UK car plants were at their busiest for 12 years in March, with a vehicle rolling off production lines every 16 seconds thanks to heightened international demand for British-built cars. "Much will depend on economic and political conditions in key markets but, with several brand new global models starting production here in the first quarter alone, the prospects for future growth look bright."

## CATERHAM AT THE LONDON MOTOR SHOW

CATERHAM Cars will exhibit at the 2016 London Motor Show - the first major British motor show since 2008. Caterham will showcase the Seven 360R, Seven 420R and the latest version of the Seven, the 620S. A race car from the Caterham Academy - the brand's novice motorsport championship - will also be on display. David Ridley, Caterham's chief commercial officer, said:

"As a proud part of Britain's motoring heritage, we are delighted to announce Caterham will be at the 2016 London Motor Show. "It is a fantastic opportunity to showcase all that Caterham has to offer and engage with the British motoring community. We can't wait to be part of it." The show is open to the public from Friday, May 6, to Sunday, May 8, and will be held at Battersea Park, featuring new and historic cars as well as motoring celebrities. Caterham will be present throughout the weekend, including the trade and preview day on Thursday, May 5. Other famous British car brands exhibiting at the show will include TVR, which is about to make a comeback with a new model, and MG which I will be revealing its first SUV, the GS.

## Toyota Aygo designed to x-cite

TOYOTA is launching a glitzy newcomer to the Aygo range, the Aygo x-cite, which has a distinctly waspish appearance featuring the range's mix-and-match customised body elements.

The Aygo x-cite has the "X" nose shape, front pillar extensions, door mirror casings and rear bumper insert – all finished in black and the 15-inch twin-spoke alloys are painted gloss black.

The cabin also strikes the same contrasts with a yellow finish for the seat side bolsters, door panel inserts, air vent surrounds, gearshift knob and carpet mat edging. The instrument panel, centre console and gear lever surround all feature black inserts and the interior door handles are chrome-finished. The new Aygo x-cite comes as standard with a seven-inch, multimedia system, with DAB, MirrorLink for compatible mobile phone integration and a rear-view monitor to take the pain out of reversing into tight parking spots. Other features include six airbags, vehicle stability control, Bluetooth, air conditioning, driver's seat height adjustment, split-folding rear seats, projector headlights with LED tracers, front fog lights and leather steering wheel and gear knob trim. The Aygo x-cite is powered by Toyota's efficient 1.0-litre VVT-i petrol engine, with a choice of five-speed manual gearbox or x-shift automated transmission. All versions are exempt from road tax thanks to CO2 emissions ratings of 95g/km for the manual and 97g/km for the x-shift version. In official testing the Aygo x-cite achieved combined cycle fuel consumption of 68.9mpg (manual) and 67.3mpg (x-shift). It goes on sale in the UK in July and prices will be announced nearer the on-sale date.

## Youngsters can start driving at 10

THE Young Driver Challenge 2016 is ready to launch with the aim of finding Britain's best young drivers – and the entry age this year has been lowered to just 10. The challenge is run by Young Driver, the UK's provider of pre-17 driving lessons, and so this year those who have just hit double figures will, for the first time, be able to take part. The competition, which is in its third year, aims to find the best young drivers in the country – but they must be aged between 10 and their 17th birthday. Youngsters can enter at one of Young Driver's 43 sites across England, Scotland and Wales, from now until the end of July. The challenge aims to encourage youngsters to consider responsible and safe driving, with top marks given to those who show the best levels of control and awareness. Entrants drive a dual-control Skoda Citigo accompanied by an instructor and are marked on their driving skills and manoeuvres, including parallel parking, figures of eight, turn in the road, steering, judgement and positioning. A second, knowledge-based test is taken via the Goodyear Driving Academy, an online driving simulator which evaluates a youngster's ability to cope with everyday driving distractions as well as quizzing them on road safety and the Highway Code. The top 40 drivers will be invited to a grand final which will be held at the British Motor Museum at Gaydon in Warwickshire on September 3. The winner of the 2015 11-13 age category, Callum McNeilly, now 13, of Swadlincote in Derbyshire, said: "When I took my first Young Driver lesson in 2014, I was extremely excited to be in control of a car under road like conditions. "It may seem odd to some people that I was driving from such a young age, but I personally believe that it will have a huge impact on my safety and skill when I take to the roads at 17."

## More mileage for Ford Transit

A NEW 2.0-litre diesel engine is now available for the latest Ford Transit and Custom vans which Ford says will improve fuel consumption by 13 per cent. The new power unit is the EcoBlue, which replaces the old 2.2-litre diesel engine and it also reduces CO2 emissions. With stop-start fitted, Ford is claiming that the Transit and Custom can achieve 46.3mpg and 42.2mpg respectively and should save owners around £1,250 in fuel costs over 80,000 miles of use. Scheduled maintenance

costs are also reduced, with the extended variable service intervals of up to two years/37,000 miles offering up to an additional 6,000 miles between services on both Transit and Transit Custom models. The EcoBlue engine comes in three power sizes - 105bhp, 130bhp and 170bhp – and Ford is claiming the new unit offers improved, smoother running and reduced noise. Other improvements to the Transit and Transit Custom vans include better steering feel, superior rear damper design for stability

and comfort. There is also a choice of optional extras such as traffic sign recognition, adaptive cruise control and pedestrian detection systems. Also new to the range is a new stability control system which controls side wind surges. It applies brakes to one side of the vehicle to reduce the effect of crosswinds. From late 2016, customers also will be able to specify a six-speed automatic transmission in place of the manual gearbox.

# Jen misses out on podium place

**Gruelling:** Tom Stewart battles in the wet during the Tour de Yorkshire

BY GORDON WISEMAN

[editor@onemk.co.uk](mailto:editor@onemk.co.uk)

**THE attention of the world's cycling press was focused very firmly on Yorkshire over the Bank Holiday weekend for the second running of the Tour de Yorkshire.**

And the efforts of Milton Keynes' top national racing squads made sure their riders featured prominently.

Drops Cycling Team's Jen George just missed out on a podium finish in Saturday's 135km race while the city-based Madison Genesis pairing of Tom Stewart and Matt Holmes clinched top 20 overall placings after a final day's epic racing on Sunday brought the men's three-stage race to a dramatic finish.

Bob Varney – whose Bletchley-based business produces bespoke cycling wallpaper and who previously supported former Team Keyne rider Ian Stannard as he climbed the cycling ranks – put together the Drops Cycling Team for the start of the 2016 season.

And from the very start the team made their intentions very clear, racing in the world's top bike races including the classic one day Tour of Flanders and the exhausting Spanish Euskal Emakumeen XXIX Bira stage race.

Unfortunately, having taken her place in the 40-strong group that split from the field as they raced up the Rigton climb, Abi Van Twisk punctured and with the peloton speeding along at more than 35mph she wasn't able to rejoin the front of the race.

Of the Drops riders, Sophie Coleman had

completed her work for the day by pulling her teammates to the foot of the Conisborough climb but the remaining three – clearly visible in their distinctive Miami green and black race colours – stayed on the wheels as other, stronger teams did their work for them.

Coming into the final kilometre, with Lizzie Armistead having been caught, George surfed the wheels looking for the fastest wheel to latch onto. And although she momentarily latched onto the back wheel of eventual winner – Hitec Products' Kirsten Wild – the more experienced rider had just too much power for George to be able to come past her and so had to settle for seventh place overall.

Dave Povall – the Madison Genesis directeur sportif – was also serving up praise for his riders at the end of the first day's racing – 187km from Beverley to Settle – with Holmes and Stewart making sure they were at the business end of matters and so finished on the same time at that day's stage winner.

The final two climbs of the day proved to be decisive and as the race surge up the Cote de Oliver's Mount with just 6kms to the finish, the pace of race winner Thomas Voeckler (Direct Energie) and Team Sky's Nicolas Roche proved to be too hot for the chasers and the Madison Genesis boys had to give way.

But Povall was still more than pleased with his riders' efforts.

"We're a British based Continental team racing against some of the biggest and strongest teams in the world. We've shown we have some young, promising riders."

## CRICKET

### Champions draw as Selvey bags hat-trick

**CHAMPIONS** North Crawley were held to a draw on the opening day of the Four Counties Cricket season.

James Flecknell scored an unbeaten 75 for Eaton Bray in the first innings as they notched up 187-5.

Richard Bryce and Robin Platten picked up a couple of wickets apiece, with the latter 2-37.

North Crawley did a containing job in the second innings and were down to

84-9, but they managed to hold on to pick up three points for the draw.

Josh Selvey bowled a hat-trick for Olney Town as they began life in Division One with a bang. His figures were 5-44 as he helped bowl Elstow out for 118.

Graeme Hacking was 31 not out in reply, with scores in the 20s from Paul Gallyot and Stuart Keeping as Olney won by three wickets.

Milton Keynes beat New

Bradwell by 55 runs. MK batted first, with Kaushik Sunkara scoring 47 on their way to 186.

Nimesh Chavda and Brian Tompkins got three wickets each as New Bradwell's top scorer was opener Kieran Lampard (41).

# 'Rejuvenated' Dons looking ahead to the next challenge

BY SCOTT KIRK

[scott.kirk@onemk.co.uk](mailto:scott.kirk@onemk.co.uk)

MK DONS boss Karl Robinson says there is a feeling of rejuvenation around the club already.

The Dons boss said after Saturday's defeat at Ipswich Town and seeing academy products such as Connor Furlong, 18, on the substitutes bench, had helped rejuvenate him and those youngsters are likely to be on the bench for Saturday's final game of the season at home to Nottingham Forest.

"The same players will train with us but we'll have to assess who is right for the game on Saturday," said Robinson.

"It is great for the likes of Darren Potter and Dean Lewington to see more young players into the first team alongside them.

"Connor will remember that for the rest of his life - he's a talented kid but he's got so much more learning to do and if he thinks he's made it he's at the wrong football club because I've got it in for him over the next 12 months!"

But Dons will not just be relying on youth players next season, and Robinson has already held talks with clubs over bringing players in for next season as the club looks to re-build from relegation.

"I felt as flat as I've ever done before on Saturday but there's a rejuvenation around the place already and transfer targets are already being honed in.

"I had a meeting with a football club about players and a Premier League club about a player already.

"We're in the process of bidding for

Young blood: Connor Furlong goes for the ball. Pic by Andy Handley

players already and all these players are 23 or under and that has rejuvenated me already."

There are likely to be lots of questions over Robinson's future over the summer given the relegation, and Robinson explained how he sees his future.

"There are so many different permutations and some might read what I say and think I'm leaving, some might think the chairman won't want me

here, some people might say they don't want me, the chairman or say the players are rubbish.

"I think the board know I have the skill-set and the chairman asked me where I wanted to be and I want to be in the Premier League - in an idealistic way that is with MK Dons.

"From an outside world our relationship might have looked fragile but people had to say what they wanted to say.

"I have a contract here and when people ask what I'm doing, I can't answer that because I'm not the chairman.

"In football you just don't know what could happen but I can't see why there would be any reason why I'm not stood on the touchline next year."

Meanwhile, David Martin was crowned the Fans' Player of the Year last night. Josh Murphy won the players' player award.

### SPEEDWAY

MK KNIGHTS started their new season with a great win at their new home of the East of England Showground in Peterborough. The Knights started the meeting at a disadvantage after Niall Strudwick's late call up for National League left three riders to face the Kings Lynn Lightning. Knights' captain Rob Watts scored 8+1, while Ben Basford missed out on a maximum. Jake Isherwood made his MDL debut and secured two vital points.

### KARTING

BRITISH Championship kart driver Joe Turney from Woburn Sands set the event lap record, winning three out of four races and coming second in the other race in Gloucestershire.

### RUGBY LEAGUE

MK WOLVES' Rugby League season kicks off this Saturday and they begin with back-to-back home matches against Breckland Spartans, firstly this weekend in the cup at Emerson Valley, and next weekend in the league.

### MK LIGHTNING

### TAEKWONDO

## FORMULA ONE

# Kvyat apologises after causing start-of-race crash

RED Bull Racing driver Daniil Kvyat apologised to Ferrari driver Sebastian Vettel and his team-mates after causing the crash that dented all three of the drivers' chances in the Russian Grand Prix over the weekend.

It was hardly what Kvyat wanted given that he was taking part in his home Grand Prix, and it was the second race in a row when he caught the wrath of former Red Bull champion Vettel after an incident in China a few weeks ago.

But this time Kvyat admitted that he broke too late going into turn one and turn three, which caused his car to bump into Vettel's, which in turn went into Ricciardo's.

It meant that Red Bull drivers had to get new front wings straight away, which punctured their chances of gaining any points as Kvyat came home 15th and Ricciardo 11th.

"There was a lot going on at the start and I didn't expect to slow down as much," said Kvyat.

"I locked the rear wheels and the car was a bit out of control which caused the contact with Sebastian.

Bad day at the office: Red Bull's Daniil Kvyat alongside Marcus Ericsson of Sauber

"On turn three, I couldn't see what was happening ahead, Sebastian seemed to slow down and unfortunately I didn't have time to

react and this caused the second contact.

"I'm sorry for Sebastian and also to the team as we gave away a lot of

points today from both my side and Daniel's.

"It doesn't feel great, this is probably the messiest first lap of my career."

Reports in some media have suggested that the team will sit down with Kvyat to talk about the incident.

Team principal Christian Horner admitted his frustration at what had happened.

He said: "Unfortunately our race concluded at turn one for both our drivers. It has been a frustrating day for the team as obviously we gave away a lot of points.

"Dany hasn't been involved in an incident like this before and I am sure he will learn from it."

Ricciardo added: "It's frustrating and a shame to be out of the race more or less from the first lap onwards but I think these things happen with racing.

"Unfortunately the damage was so much that we didn't really learn anything from today's race and we don't know what our pace was."

The next race takes place in Barcelona, Spain, on Sunday, May 15.

# Thousands put on running shoes for marathon effort

BY SCOTT KIRK AND JESSICA DUNCAN  
editor@onemk.co.uk

**THOUSANDS** of people turned out to run in the MK Marathon, half marathon and fun run on Bank Holiday Monday.

A total of more than 8,000 entrants took part in the events, with even more people turning out to watch the runners.

It was the fifth time the event has taken place in the city.

The winner of the MK Marathon was Ben Fish (pictured bottom left), who broke the course record. The Blackburn Harrier clocked a time of 2:31.14. Chichester Runners and Athletics Club's James Baker came home second five minutes behind the winner, while St Albans Strider Paul Adams was third.

Kate Wright (pictured bottom right) from Stratford-upon-Avon was the first woman to finish the MK Marathon, although she was unable to break her own course record.

She was five minutes off that time as she came home in 3:03.41.

She was followed across the line by Lindy-Lee Folscher and Melissa Gibson, the latter of whom was from Ealing Eagles.

Of the Milton Keynes competitors, Redway Runner Jennifer Sangster put in a great performance and was the seventh woman to cross the line.

Redway Runner Genci Pepaj finished 23rd, while Marshall Milton Keynes Athletics Club's Jeremy Pick was 51st.

Another brave runner was Dawn Allen, from Blechley, who is the founder of the children's cancer charity The Henry Allen Trust, which is also OneMK's charity of the year.

Fortunately the sun stayed out for most of the race and it only started to rain on the poor stewards, who had been working hard to ensure the races ran smoothly, towards the end of the day.

People of all ages ran, whether professionally or for a charity, and the events attracted people from all over the UK, as well as many homegrown runners in Milton Keynes.

## England win double bronze in Europeans

ENGLAND'S badminton players based in the city secured two bronze medals at the European Championships in France on Saturday.

Singles star Rajiv Ouseph and the doubles pairing of Marcus Ellis and Chris Langridge both lost their semi-finals at the Vendéspace in La Roche sur Yon.

Ouseph couldn't replicate his superb last eight win over Hans-Kristian Vittinghus, Denmark's fourth seed, on Friday.

Fellow Dane Jan O Jorgensen came through 21-11, 21-16 to reach Sunday's final.

Their meeting was a repeat of last year's final when the Danish top seed won gold.

The 33-minute defeat for fifth-seeded Ouseph does, however, mean that he has medalled in three of the last four European Championships, which is a great achievement for the singles star.

Meanwhile, English national champions Ellis and Langridge lost 21-19, 21-14 to Mads Conrad-Petersen and Mads Pieler Kolding, Denmark's number two seeds in the competition.

Top seeds Chris and Gabby Adcock's memorable season ended at the last eight stage on Friday.

Mathias Christiansen and Lena Grebak edged out the Superseries champions 14-21, 21-19, 21-19 over 59 minutes.

Gabby wrote on Twitter: "Unfortunately our performance didn't get much better today."

"We tried our best it just wasn't good enough."

Young duo Ben Lane and Jess Pugh, the world number 78 mixed doubles pairing, came close to scoring a fine upset on the opening day of the championships last week.

Lane and Pugh nearly ousted a pair 25 places higher in the BWF rankings before going down 21-14, 18-21, 16-21 in their first round tie to Bastian Kersaudy and Lea Palermo of France.

## TECHNICAL EXCELLENCE & LASTING PERFORMANCE

### 1 Factory applied micro-porous coatings providing maximum protection but minimal maintenance

All of our windows and doors are factory painted prior to assembly, providing complete protection from moisture absorption and maximising longevity. Every product receives a base coat of timber preservative, then a primer coat, followed by two coats of micro-porous paint. You should expect our coatings to last from five to eight years without the need for re-treatment. Should you wish to change the colour of your windows then redecoration is a very simple task as there is no sanding down required. An average window should take about thirty minutes to re-decorate.

### 2 Internal beads for security

Glass is fitted from room side to prohibit would-be intruders from gaining entry by removing the glass.

### 3 Neat, coloured silicone seals

Purpose-made grooves on the inside and outside of the window receive the silicone necessary to protect against water ingress. Appropriate coloured or clear silicone is factory applied, guaranteeing a perfect, unobtrusive seal.

### 4 Rebated glazing beads eliminate unsightly gaps between the frame and bead

In standard timber systems, paint is prone to cracking at the point where the bead meets the window frame. By rebating the glazing bead over the sash we conceal the joint, which eliminates the problem.

### 5 Multi-layer timber sections with opposing grains, balances warping and combats twisting

The use of multi-layer timber for windows and doors is long established in Scandinavia and Northern Europe, but very rare in Britain. The multi-layer structure used as standard throughout our range is particularly effective in resisting warping and twisting, as the opposing grains even out natural moisture movement. It is the twisting of timber during wet weather, more than the swelling itself, which causes standard wooden windows and doors to stick.

### 6 Glazing units almost twice as effective as ordinary double glazing

All of our windows and doors incorporate double-glazed units with enhanced thermally insulating glass, providing an extremely low U-value. We further improve the efficiency of the unit by filling the cavity with argon gas and using low conductivity spacer bars to minimise edge losses. The result is a 1.1 W/m<sup>2</sup>K centre pane U-value. This means an 80% increase in energy savings compared to single glazing, and a 45% increase in energy savings compared to ordinary double-glazing.

### 7 Exceptional optical clarity

Advanced glass technology not only provides enhanced thermal performance but also much improved clarity, particularly compared to traditional hard coated low e glasses. High light transmittance (77%) maximises the entry of natural light into the home.

### 8 Warm edge spacer bars

Low conductivity spacer bars help to minimise heat loss and combat condensation levels on the inner pane.

### 9 Ventilation channels help prevent double-glazing from misting

Ventilation channels protect against the failure of double glazed units. In standard systems misting can occur when glazing units are allowed to sit in water trapped within the frame.

### 10 Security

All Timber Windows are fitted with advanced security locks that wrap around the openers on our Flush Casements and engage bolts in multiple points on our Lipped Casements. Doors are fitted with multi-point locking mechanisms, featuring hook-bolts and deadlock.
